John is the founder of Medico Wealth. John has over 18 years experience in the financial services industry. John has always had a deep respect for medical professionals as they are often improving the health and well being of society. This created his genuine passion in helping medical professionals achieve their personal financial and lifestyle goals. John gets a great sense of achievement when he sees improvements in the financial health of his client's.

Outside of assisting clients, John enjoys spending time with his family, travelling, fishing in his boat and golfing. John is married to Helen and they have two adorable twin boys.

John's qualifications include:

- Bachelor of Business (Accounting)

Our AFS License holder researches a broad range of products and selects those that are worthy of recommendation to our clients. We also review the performance of those products periodically to ensure they remain competitive and will meet your ongoing needs.

We will only recommend a product to you after considering its appropriateness to your individual objectives, financial situation and needs.

If you hold a specific product which is under a class of product not covered by our AFS License holder, your Adviser may be able to review and possibly advise you on this product even though it is not on our Approved Product List (APL). However, your Adviser will not be able to deal in, write or arrange further business on this product if it:

We act for you when giving advice and arranging financial products.

HOW CAN YOU DEAL WITH US?

You can deal with us in person, by phone or email. It is important that you provide us with complete and accurate information about your circumstances and you take the time to check any assumptions we make and the basis for our advice. If you don't our advice may not be appropriate for your needs.

Naturally, your circumstances may change over time. When this happens, our initial advice and recommendations may no longer be appropriate for you. We can periodically review your financial position, personal circumstances, financial goals and investment strategies to decide whether those strategies and goals and the financial products you hold are appropriate. Or, you can contact us for a review when your circumstances change.

HOW WE ARE PAID

We believe that the advice services we offer are valuable and the remuneration that we receive is fair reward for our expertise, skills and the benefit you receive.

Both we, and your Adviser receive remuneration from:

- service and advice fees paid by you;
- remuneration and other payments paid by product providers; and
- other benefits.

All fees and remunerations must be paid to our AFS License holder, who may retain a percentage of these payments.

These are then forwarded on to us and your adviser to receive their share of the fee or remuneration.

No fee or remuneration is allowed to be paid to us or your adviser directly or by way of direct debt to our or your adviser's account.

The amount of any fees and charges, any initial and ongoing commissions for the products you purchased as a result of our recommendation to you will be detailed in your Statement of Advice (SoA).

Initial Consultations – Complimentary

Our discovery meetings with you are complimentary. The purpose of these meetings is to understand your needs, see how we can be of benefit to you and establish if we would like to work together. We will obtain specific information about your circumstances so we can tailor subsequent advice for you. You should not act on any representations made during these first meetings.

Statement of Advice - Positioned

Should we agree to work together, our considered personal advice to you will be set out in a Statement of Advice (SoA) – this is your living financial plan.

Before providing you with your plan we will prepare a Letter of Engagement. This document is your approval for us to proceed and sets out what your plan will cover and the associated fees as a dollar amount.

Ongoing Advice – Ongoing Advice Service Agreement

The large majority of our clients require a blend of strategic, portfolio and insurance advice on an ongoing basis. In general, our ongoing advice seeks to optimise your wealth, adjust for life changes and provides the knowledge and clarity required to stay abreast of legislative, market and industry shifts. It includes regular portfolio updates, review meetings and ongoing reviews of your living financial plan.

Before providing you with ongoing advice, we will prepare an Ongoing Advice Service Agreement. This agreement sets out our ongoing advice offer, which includes the advice and services we will provide, as well as the frequency these will be delivered; the associated cost, your payment method and how the arrangement can be terminated.

Fixed Term Advice and Service Agreements

You can also elect to enter into a 12 month Fixed Term Advice and Services Agreement as part of your financial planning strategy so you can receive advice services such as regular portfolio updates and review throughout the Fixed Term Advice Services Agreement period. Details of the services will be set out in your 12 month Fixed Term Advice and Services Agreement.

Fees are calculated based on the level of service needed and the complexity of the advice given, to provide value to you. All fees and commissions are inclusive of GST.

The following information explains how we calculate the remuneration we receive as a result of the advice services we provide to you.

Remuneration and other payments paid by product providers

If you implement a financial product through us, we may receive payments in the form of initial remuneration and/or ongoing remuneration from the financial product providers. These remunerations are included in the fees and premiums you pay for the product.

This is not an additional cost to you.
